

DOCTIVITY SUCCESS DATA

CLIENT: Hackensack Meridian Health, NJ; and Valley Health, VA

PRODUCT: Doctivity – Increased wRVU physician productivity

RESULTS INCLUDE: Proven results from strategic business building

Doctivity averages **10 months to achieve wRVU targets established by our clients**. The below tables outline key information and statistics on participating Doctivity physicians who have completed 12 months of the program or who are working within the 12-month timeframe. Listed below are:

- Physicians’ specialties
- Goal achievement of wRVU targets set by the client
- Actual wRVU numbers over the achieved goal
- Percentages above the target wRVU

Of the 17 providers who completed 12 months in the program, 14 of those providers achieved their goals – for a success rate of **82% of Doctivity providers surpass their wRVU targets**.
